

Clinic and Clinician Excellence Conference 2026

18 – 19 July 2026
KSL Esplanades, Klang

General Practitioners face challenges from the moment the thought of setting up a clinic crosses their minds. The process involved from getting the application signed to receiving your licensing itself sounds daunting, and the challenges only get tougher from there. There are no CGPs available for doctors on this topic, and every phase from inception, growth, stabilisation and success requires more than just our education and training

The private primary care sector in Malaysia is undergoing a shift with the emergence of various health ecosystems, medical misinformation, and increasing regulatory scrutiny and corporatisation of primary care services, demands for smaller or solo general practitioners to upskill themselves through innovation, education and collaboration

MMA Selangor aims to provide clarity for the current and future general practitioners on these various stages of a clinic set-up. This event is more than a CPD gathering; it is a national capacity-building platform where clinicians, regulators, and industry leaders come together to shape the future of general practice. Our goal is to equip every participant with the tools to build strong, ethical, and sustainable healthcare businesses and, in doing so, strengthen Malaysia's healthcare foundation.

Sponsor Value Proposition

We invite partners, corporations, and healthcare innovators to join us in empowering this vital segment of the medical profession.

By sponsoring, your organisation will gain:

- Direct access to over 300 healthcare professionals across Malaysia's private clinic network, including GPs, clinic owners, and decision-makers.
- Brand alignment with the Malaysian Medical Association (MMA), the nation's leading authority for medical professionalism and ethical practice.
- Visibility across channels (on-site branding, exposure, and engagement) reaching a nationwide medical audience.
- Thought leadership opportunities, including symposium slots, workshop co-branding, and inclusion in post-event publications.
- Strategic engagement with clinicians actively shaping Malaysia's evolving primary care and digital health ecosystem.

Your partnership contributes directly to the upskilling and professional development of Malaysia's healthcare frontliners, ensuring safer, smarter, and more sustainable general practice nationwide. Together, we can nurture a new generation of doctors who are clinically competent, financially literate, and globally competitive.

Dr Rishi Varmaa
Organising Chairman
MMA Selangor
